

# KOQ10

## Advance French Formulation

**KOQ10 350** is formulation of Co Enzyme Q10, developed under a unique process that makes it bioidentical to human body's production also called ATP for maximum availability and assimilation.

Organism production of UBIQUINOL or ATP (Adenosine Tri-Phosphate) decreases with physical exercise, age and physical activities, apart from co-enzyme q10, omega-3-fatty acids like Eicosapentaenoic (EPA) acid and Docosahexanoic acid (DHT) together with L-arginine makes it best in its Class.

A potent antioxidant combination which reduces oxidative stress and kills the free radicals. Also Selenium helps protect cells from damage and Zinc helps the body make Healthy Red blood and nerve cells.

### INDICATION

Essential for the Production of ATP enzymes, Improves Brain Function & Optimum Immune Booster System, Have Aphrodisiac Effect.

### • DIRECTIONS

Take 1 Cap. for Preventive and 2 Cap. for Curative Treatment for 5 Days After Meals Preferably Breakfast or as Directed by Physician.

### • PRECAUTIONS

Do not exceed the recommended daily dose. Store out of reach of young children. To be used in conjunction with a varied nutrition and a healthy lifestyle. To be stored away from humidity and light.

### INGREDIENTS

#### • CO Enzyme Q10

**KOQ10** based on Ubiquinol, contains the reduced form of Coenzyme Q10 100mg. The mechanism of Co Q10 is related to Nitric Oxide Preservation, as seen with Grape Seed extract, Pycnogenol, and Resveratrol.

According to a Study in Heart failure Patients, the Supplement improves the patient's condition and reduces the risk of heart failure.

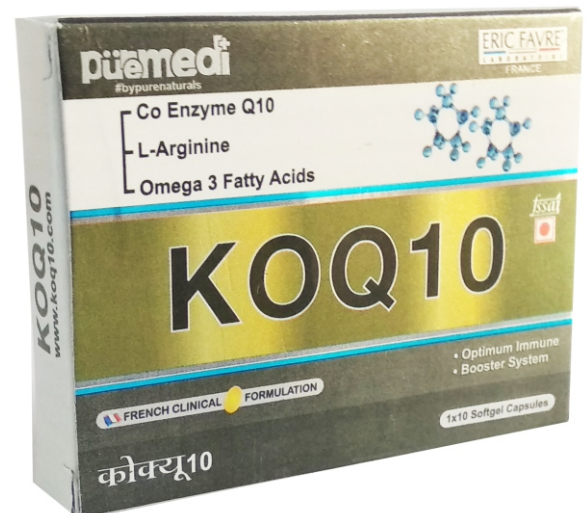

Furthermore, Ubiquinol also reduces the expression of genes implied in the synthesis of Cholesterol and reduces the LDL cholesterol level. Co Q10 is recommended for its effect on well-being, cardiovascular health, improved sports performance and strength.

#### • L-Arginine

**KOQ10** carries L-Arginine 100 mg which is converted into nitric oxide which causes widening of Blood Vessels and thereby increase the Blood Flow. In the Brain, Nitric Oxide acts as a Neurotransmitter; in the Immune System, Nitric oxide acts as a mediator of host defense; in the Cardiovascular System, Nitric Oxide mediates the protective effects of the intact endothelium, acting as an endogenous Antiatherogenic molecule.

# KOQ10

## Co Enzyme Q10, L-Arginine, Omega 3 Fatty Acids

### 1x10 Softgel Capsules

#### • Omega 3

EPA (Eicosapentaenoic acid) 90mg & DHA (Docosahexanoic acid) 60mg from dietary supplements is the only practical way to increase the omega 3 fatty acids in a body.

They play an important role in development of brain, hair and proper functioning of the retina. They also protect cardiovascular system and enhancing the body energy.

#### • Selenium Dioxide

Selenium 0.07mg is an antioxidant combines its action with omega 3 fatty acids to prevent tissue damage. It plays a part in normal growth and development.

It can increase Male fertility and has an aphrodisiac affect.

# KOQ10

Advance French Formulation

10x1x4 Softgel Capsules

Each softgel capsule contains:		%RDA
Co-enzyme Q10	100 mg	**
L-Arginine	100 mg	**
Omega 3 Fatty Acid Providing		
EPA	90 mg	**
DHA	60 mg	**
Selenium Dioxide	70 mcg	93.33
%RDA Calculated Basis ICMR Guidelines, ** No RDA Established		

**Use of KOQ10 :**

- Reduces the free radicals in the body
- Provides energy and reduces fatigue.
- Have Aphrodisiac Effect.

It can given as an additional therapy to Diabetic patients and Cardio vascular disease patients. It is also used an adjuvant in male infertility as well.

3x1x10 Softgel Capsules

Approved Colors Used in Soft Gelatin Capsule Shell.

Appropriate overages added to compensate loss on storage.

**Storage :** Store in a cool, dry & dark place.

**Dosage:** Take 1 cap. for preventive and 2 capsules for curative treatment for 5 days or as directed by the dietician.

Protect from direct sunlight.

Dietary Supplement  
NOT FOR MEDICINAL USE

Keep out of reach of children.
